

Mobix Labs Lands 1,500-Component Gulfstream Order

September 3, 2026

IRVINE, Calif.--(BUSINESS WIRE)--Sep. 3, 2026-- Mobix Labs, Inc. (Nasdaq: MOBX) today announced a repeat production order for approximately 1,500 mission-critical components for Gulfstream aircraft.

The order follows prior production orders for the same Gulfstream aircraft family and reflects continued demand from an established aerospace customer.

Mobix Labs' components support a growing range of aerospace and defense platforms, including Gulfstream aircraft, the F-22 Raptor, Apache helicopters, Boeing 737NG aircraft, U.S. Navy systems and missile programs, as the Company continues expanding its mission-critical electronics business.

Forward-Looking Statements

This release contains forward-looking statements regarding future demand, follow-on production opportunities and the expansion of Mobix Labs' aerospace and defense business. These statements are subject to risks and uncertainties described in Mobix Labs' filings with the U.S. Securities and Exchange Commission, and actual results may differ materially. Mobix Labs undertakes no obligation to update these statements except as required by law.
